UNION HOTEL MAKES GENEROUS DONATION TO FIRE ENGINE FUND

The new fire engine received another nice Christmas present this week from the Union Hotel, \$40 having been generously donated by the proprietors of the well known hostelry toward the fund. The balance necessary to meet the cost of the new apparatus when it arrives will no doubt be raised by the time the engine gets here for every week brings new donations to the good cause.

It will be a matter of pride to know that you have paid your share toward the new fire fighting machine. If you are not yet a participant send in your contribution at once. Start the New Year right by being public spirited.

SONOMA POSTMASTER HIS RIVAL FOR JOB

Coming of a new Administration Gets At Stein's Claim Although Postmaster Wagner's Term Does Not Expire Until 1922

Sonoma has its sister city Healdsburg and the other towns in the state is developing an interesting situation in regard to the postmaster-ship. Although this Post Office is under civil service and therefore not regarded as a political plum and although Postmaster John Wagner has still two years to serve, a local merchant, Al Stein has his eagle eye on the job and has forwarded his application to Washington. Stein is in the stationery business in Sonoma and a few months ago celebrated his first year in business here. Just what his political pull remains to be seen but Stein is long wise and has gone to the bat to land the job. He said to have been coached by the Barham's, ex-Congressman Barham having been a relative of his wife. He also said to be close to Hiram Johnson and some of Johnson's lieutenants.

The present incumbent, John Wagner, who has served two terms in the post office and is a Kent appointee says that he is not worrying. The job is under civil service and Mr. Wagner's term does not expire until 1922. He says he has no intention of resigning or relinquishing it and believes that he has enough friends in the community where he has resided for forty or more years to back him up. He also prides himself on a good pull with Senator Johnson for he was always an enthusiastic Progressive. "If it's a Republican they want" says John "they have one on the job right now."

Postmaster Wagner originally took office in 1914 and was the dark horse in a three cornered fight for the job. Two Democrats, Thos. Brown and T. J. McGinsey, were contending for it when Wagner pulled some political strings he had up his sleeve and pressed to get the appointment.

Up in Healdsburg Postmaster Reuben Daer has several years yet to serve but he too has rivals for the job, one of whom is Andy Nowlin who "got in wrong" during the war and another is said to be Frank Cook of the Healdsburg Tribune, well known here.

Developments are being watched with interest as the Sonoma postmaster's job pays \$2,000 per year with \$900 per year for a deputy—quite a juicy plum at that.

Miss Gertrude Calderwood was up from San Francisco for Christmas.

A MATTER OF PRIDE

Sonoma Valley can well be proud of the Christmas edition of the Sonoma Index-Tribune which was the most beautiful and high class put out by any newspaper in Sonoma County.

The illustrated lithographed colored cover was used exclusively by us in Sonoma County and despite its high cost we felt that it would amply repay us through the credit it would reflect on this community. It was a nice gift to our readers and was made possible through the cooperation of Sonoma Valley merchants and business people who were represented in its columns.

It was not a publication to lure money to other communities but was entirely a local enterprise fostered by and in the interest of Sonoma.

SONOMA'S OUTLOOK FOR 1921 A BRIGHT ONE

Conditions Locally Forecast Prosperity and Progress in New Year

Sonoma Valley enters upon the New Year with prospects exceedingly bright and encouraging and it is confidently predicted in the most conservative quarters that we will enjoy not only a prosperous year but that 1921 is to usher in a new era in Sonoma's upbuilding.

The street improvements in Sonoma guarantees much prosperity and the early spring of 1921 will see the building program in full swing. The expenditure of the \$53,000 voted by the people in 1920 and on deposit in the Sonoma banks will at once raise the standing of our city many notches.

The cheaper cost of construction which is being made more apparent in contractors bids assures Sonoma that its streets will be improved as originally intended and that the money on hand will be adequate to pave our principal thoroughfares with a high class, enduring pavement. It is now thought likely that the asphalt concrete, recommended for Sonoma by the committee who went to Kings county to inspect highways there, can be laid here. With good, up-to-date streets, Sonoma will attract many home seekers and homes will be in great demand. During 1920 there was a demand but little new building was done. The new year readjustments promise greater activity in building and improvements of all kinds.

Despite the high cost of materials, San Sebastiani has made many improvements during the past year and several cottages and handsome bungalows recently completed by him are now occupied and add much to the northeastern limits of our city. Sebastiani will continue to improve his property and will build more houses during 1921 on the tract of land acquired from Henry Castagnasso between Sebastiani street and the E. T. Casson property on Napa street.

Mr. Sebastiani has already asked the city authorities to give him the street grade so that he can go forward with his paving plans. He will put in permanent concrete streets fronting all of his property. The enterprise of this Sonoma capitalist is in itself a guarantee of much activity during 1921. He will continue to buy grapes and fruit from our vineyardists and orchardists at market price and will operate his modern \$75,000 cannery now better than ever equipped to handle the pear pack and other crops.

Another enterprise which has developed in Sonoma and has an assured future is the furniture factory of J. W. Adler. The plant has recently been greatly enlarged and Adler's goods is so well and favorably known that he has acquired a pick of good orders. Sonoma's furniture factory is keeping several heads of families in employment here and has a splendid future.

It is rumored that the California Glove Company will reopen its Sonoma branch in the Masonic block very shortly.

The baby chick business of Sonoma Valley for 1921 promises to break all records although last spring was a banner year for our hatcheries. The Sonoma Mission Creamery is another dependable industry and a credit to Sonoma.

Forms of all kinds are and have been in great demand, and particularly vineyard property with grapes promising to duplicate their high figure of the 1920 season.

Undoubtedly the outlook for the coming year is the best Sonoma Valley has ever contemplated and all that remains to assure us an era of unprecedented progress is cooperation from the county and State of California in road matters. With state and county highways completed and connecting Sonoma Valley up as it should be with big centers of population this section's rise will be rapid during the next few years. The reopening of the Hotel Rafael at San Rafael and the wide publicity being given it as a leading California resort is just another argument for the paving of the Black Point cut-off between Ignacio and Schellville so that motorists may be attracted from Marin County here, and Sacramento Valley people may easily reach the attractive resorts of Marin and Sonoma County including Sonoma Valley's famous mineral springs.

THE OUTLOOK

"While systems change, and suns retire, and worlds slumber and wake-Time's ceaseless march proceeds."

The outlook for the New Year in these United States of ours is far more promising than we have contemplated since the war. The country is coming back to normal very rapidly and the common sense, well balanced administration of which we are assured under President Harding will do much not only to stabilize everything in this country but will have notable effect on the outside world.

An arrangement to assure world peace is one of the most vital problems to engage the nations, and it is to be hoped that the United States will devote itself to this end with all the energy and ability which it can summon to the task. That we will work out a magnificent material destiny for the nation is without question, but the apparent futility of it all if world wars into which we may be dragged or see fit to plunge are to continue makes the solution of a plan for world peace transcend all other problems. When there is some likelihood of the adoption of a plan protective against such performances as we witnessed in the years past and from whose effect the country is yet to recover, then we may hail a New Year which will be truly new and the great light of a higher intelligence will bathe the world in its glow.

In the interim. All hail the New Year! We salute young lithesome 1921 who perchance may be the very year destined by Father Time to be crowned with the olive branch for driving sinister war from the calculations of civilized people and ushering in the true peace era.

"Oh peace! thou source and soul of social life; Beneath whose calm, inspiring influence Science his view enlarges, Art refines, and swelling Commerce opens all her ports."

A SOUND STATEMENT

THE LUMBER MILLS of the northwest have been going through a heartbreaking period of falling prices and upset trade conditions due to various different causes. In spite of a 40 per cent drop in lumber prices building is at a low point.

Lumber has taken its loss almost at one gulp and while the treatment was drastic it will cause the industry to be one of the first to recover from war-time conditions.

An officer of one of the largest northwest mills which has just closed, in discussing the situation said:

"There isn't any lumber business at present. We have closed to repair our mill, put in new boilers and machinery and be in a position when the building season opens to take care of what I believe will be the greatest building boom this country has ever seen. There is no over production or no over built condition, in fact stocks of goods were never lower and never did the country need so much repair work on everything from hen house to skyscraper. The condition is the same world over, things have been let go for five years while the tearing down process of nature has been steady. The freight-rate-question will have to be worked out in an intelligent manner for the railroads need our business as much as we need their transportation. Prices and wages are rapidly reaching a new level. Business has been bent but not broken and it is coming back with a rebound stronger than ever and the wise business man will prepare now to take advantage of it."

This man's advice is good. He has made a success for thirty years as a logger and lumberman and he is planning to do more business than ever. His practical optimism and horse sense is needed in business today.—Manufacturer.

GOLD INDUSTRY HANGS IN BALANCE

ONE OF THE most important questions to be considered by the present Congress is undoubtedly the matter of passing what is known as the McFadden gold bill. The prosperity of twelve of the greatest Western States depends upon the enactment of this measure. Unless something is done now to relieve the situation, the gold-mining industry of the Nation is doomed.

The McFadden bill is a very simple bill. At present it is costing the miner \$30 an ounce to produce his product, while it is sold by the United States Mint for \$20.67 an ounce, this fixed price being the basis of the gold standard, or the world's measure of value. To restore a proper relation between selling price and cost of production, the McFadden bill levies an excise tax of \$10 an ounce on the manufactured article of gold, places it in a fund, out of which it pays the gold miner \$10 an ounce for every ounce of precious metal produced. In other words, it restores the normal economic conditions that make it feasible for the gold miner to work and live just as in all other industries where the Government has not fixed the price of the product, but where economic law is allowed to operate.—Manufacturer.

IF MEN in jail get fed on turkey and women of the night life are sent to the country for an ideal outing, all at the expense of the state, what ought we do for those inside the pale? The reward of virtue is evidently being superseded by a newer slogan.

RENO wants to make the time longer for getting a divorce there. Good business made better for Reno we'll say. Keep the divorce colony sticking around and spending the dough.

POLITE SOCIETY'S chief conversation theme—how old is yours? how do you make it?

WHAT HAS BECOME of the "codfish aristocracy" we used to read about and "lobsters". Gone into the dictionary discard we presume.

REFORMERS have not driven evil out. They have jarred it loose from its lair and it is running a muck.

PUBLIC LIBRARY TO

BUY NEW BOOKS

At the last regular meeting of the Sonoma Library trustees it was decided to purchase \$25 worth of new books which will be put on the shelves some time during the present month.

The trustees recently made an appeal to the City for more funds and after making a budget for the coming year under the new appropriation they have been enabled to increase the salary of Librarian Kate McDonnell to \$45 per month.

It has been costing about \$700 per year to run the library during the past two years with an appropriation of but \$600. The deficit had been met by benefit entertainments but continued rise in cost of books, periodicals, newspapers and other necessities made it imperative to have more funds assured. The Board of City Trustees therefore raised the library appropriation to \$850 per annum.

The increase will permit of appropriations for new books, renovating the interior of the library building, paying increased cost of light, fuel and help.

Patrons of the library who would like to see more new books and longer opening hours for the library should bear in mind the limited appropriation with which the Sonoma Public Library is maintained and will readily see that the service is very good considering present high costs. With conditions becoming more normal the Library Board hope to make the library of continual interest and increased value to the community.

GRAPE GROWERS MEETING

The annual meeting of the membership of the California Grape Growers' Exchange, including as it does, some six hundred owners and lessees of vineyards in the Northern section of the state, will take place in San Francisco on Tuesday, January 11th, at Yosemite Hall in the Native Sons building, 414 Mason Street. Arrangements have been made for accommodating a big meeting and there will be preliminary discussions beginning at ten o'clock in the morning. After the morning session the meeting will convene again at one o'clock when the various matters to come before the meeting will be acted upon.

Mr. Mynard Sherman Jones a noted musician and organist formerly at the Tivoli in San Francisco where he resigned last Saturday, (Christmas) after a year's service, to take the position at the Hippodrome in Napa will be on the program for a splendid solo.

On New Year's Day and on Sunday following there will be the usual vaudeville and the full orchestra concerts in conjunction with feature pictures. Saturday matinee and night, Tom Mix will be seen in "Three Gold Coins" a Van Loan big production, and this will be added to by a two-part comedy and the several educational and scenic pictures.

Sunday, beside the vaudeville and concerts, James K. Hackett the noted American actor will be seen on the screen in "The Greater Sinner" and a Snub Pollard comedy will follow entitled "Alias Alladin". Prices for the holiday and Sunday (New Year's Eve) musical festival will be the usual regular vaudeville schedule of 35 and 50 cents and 60 cents for loge seats. The Hippodrome at Napa offers exceedingly interesting New Year's entertainment.

HORSES KILLED BY S. P. TRAIN

Several valuable horses, some of which belonged to J. Kearney, the popular lumberyard proprietor, were run down and killed by an S. P. train on night this week. The animals strayed on the track and were so badly injured that they had to be shot by Deputy Sheriff Joe Ryan.

A seventeen year old boy giving the name of Waldo and believed to have escaped from some institution was picked up by local officers in this vicinity last week and sent to Santa Rosa on a vagrancy charge. He was cold, ragged and homeless and seemed to have no occupation so the vagrancy charge was placed against him.

BIRTH RATE OF SONOMA COUNTY LOW

The birth rate of Sonoma county is too low according to State Registrar L. E. Ross of the State Board of Health. This does not necessarily mean that too few babies are born within the county, but it does mean that many births are not registered as required by law. The present birth rate for this county is 16.1 indicating that at least 269 births are not registered each year. The fault lies with the parents and with the attending physician who do not file the required certificate with the local Registrar.

For every child born there should be filed with the local registrar of vital statistics, immediately after the birth, a standard certificate signed by the physician or person in attendance upon the birth. This is necessary for the future welfare of the child as well as the protection of parents in matters involving proof of age, legitimacy, citizenship right to enter school, to seek employment, to vote, to marry, to inherit property and many other social and legal matters. The birth certificate is the child's formal introduction to human society and without it he may suffer serious inconvenience and financial loss in the future.

Every parent should see that the baby's birth is registered. This is required by law. The parents of every child must report to the local registrar of vital statistics within ten days after the birth of a child, the fact that a child has been born. If all parents will comply with this provision of the law they will thereby protect their children and themselves from possible future trouble.

Births should be registered in the district in which the baby was born. Make sure that your children are registered. Write to the State Bureau of Vital Statistics at Sacramento.

ONE WAY TO BEAT THE HIGH COST OF TRAVEL

An endless vista of free or almost free transportation is opened up by Auto Club, recently organized in San Francisco with G. A. Williams as chairman. The plan, outlined by Mr. Williams, is simple, consisting only of utilizing the seats so often empty in automobiles bound on either short or long runs.

Headquarters for Santa Rosa will be with the Economy Land company, which will shortly move to the location now in use by the Proctor company. Headquarters have also been secured in San Francisco, Petaluma, Healdsburg and Ukiah, and Eureka will soon be added, as well as other cities.

The club system works like this: Mr. Smith has an auto. Mr. Jones and Mr. Green have none. Mr. Smith is motoring from Santa Rosa to Sausalito, alone, in a car with an extra seat. Mr. Smith calls up club headquarters, and gives the number of passengers he can carry and his destination and time of departure.

Mr. Jones and Mr. Green, desiring to go to Sausalito, call up club headquarters and find that Mr. Smith is going their way, and has room for them. Jones and Green then accompany Smith, each paying Smith half the regular railroad fare between the two points. Smith keeps half and turns the other half into the club.

The result is that the club keeps running to extend the plan, Smith makes his gasoline and tire costs, and Jones and Green save half their transportation costs.

Every one is happy, unless it is the railroad.

Mr. Williams sees no reason why his system cannot be extended in time until it will carry passengers from point to point clear across the continent, and is satisfied that it does not run afoul of any provisions of local, state or national laws. He sees it as a real economy measure, saving untold dollars to all concerned.

FAMILY REUNION ON CHRISTMAS

A delightful reunion of members of one of Sonoma Valley's pioneer families was a feature of the Christmas celebration at the J. J. Dunbar home where Mrs. Dunbar's folks, the Agnew family, came together for the holiday visit and feast. Mr. and Mrs. A. Agnew of Petaluma and family, Mrs. Molly Agnew Weyl of San Francisco and Miss Sadie Dunbar of Berkeley were among those present.

Mr. and Mrs. Dunbar entertained their guests most hospitably and a genuine old-fashioned Merry Christmas was enjoyed.

Those present were Mr. and Mrs. C. V. Champlin of San Francisco; their daughter Mrs. Cecil Hawley and two children of Salem, Oregon; Mr. and Mrs. J. J. Dunbar and daughter Sadie Dunbar and Ernest Dunbar of Sonoma; Mrs. Mollie West of San Francisco; Mr. and Mrs. C. A. Cooper and daughter; Mrs. C. C. Mason, and two children of Rio Oso, Sutter County, California; Mr. and Mrs. A. W. Agnew and son of Petaluma; Mr. and Mrs. A. B. Robertson of Rio Oso. One son, Newton Agnew, could not be present.

THE CURFEW RINGS AGAIN

After many years of silence, the old curfew bell began ringing on Saturday evening and its tones seem familiar to the people of the city. It is a warning for all minors of both sexes to hurry home and keep off the streets for the remainder of the evening, unless accompanied by parents or guardians or have a legitimate excuse for being abroad.

The old city hall fire bell is used as the curfew bell in lieu of the big fire alarm bell and Chief Flohr is now very glad that the big bell was not taken down as planned some time ago.—Petaluma Argus.

BODY OF YOUNG WAR HERO ARRIVES FROM FRANCE

The remains of Frank Bosch who died in France for his country during the recent war arrived this week from overseas, consigned to the father of deceased, Capt. Peter Bosch of Vineburg. Bosch who made the supreme sacrifice was a mere boy and was one of three brothers to enlist at the outbreak of the war. A gold star on Sonoma's service flag will ever be a reminder of his sacrifice.

SANTA ROSA PASTOR PRESENTED WITH A NEW AUTOMOBILE

The Rev. W. S. REV. FATHER BYRNE UNITES WELL KNOWN COUPLE

Rev. Father Byrne had the pleasure of uniting in the holy bonds of matrimony Wednesday, Captain Beach Slocum son of the late General H. W. Slocum U. S. A. and Evelyn A. Kidder, an Admiral's daughter.

The couple who are prominent socially had both been married before and in getting a special dispensation from Archbishop Hanna, Rev. Father Byrne had greatly befriended Capt. Slocum's fiancée, who was granted her maiden name by Judge Cahannis of San Francisco after an unfortunate marriage.

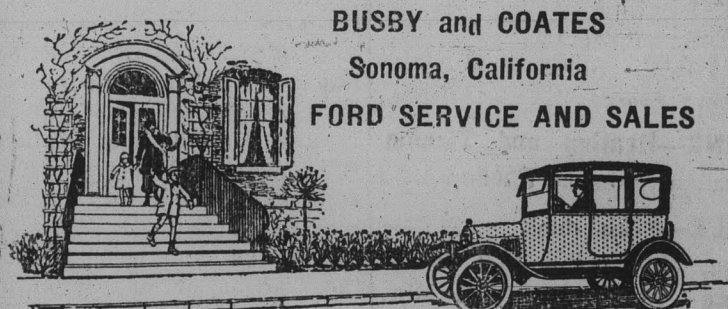

Capt. Slocum is a graduate of West Point and a distinguished secret service man in the government.

Ford
THE UNIVERSAL CAR

The Ford Sedan, with electric self-starting and lighting system and demountable rims with 3 1/2-inch tires front and rear, for every day in the year has no equal as a family car. Just as popular on the farm as it is in the city. In fact, it fits the family demands in every vocation of life. Large, roomy seats, finely upholstered, plate glass windows make it an open car in pleasant weather, while in rainy and inclement weather it becomes a closed car, dust-proof and rain-proof. It is not only comfortable, but really cozy, and above all, economical in operation and maintenance, and has all the Ford merits of strength and durability.

CARD PARTY AT GLEN ELLEN

The benefit card party for the Jack London Memorial Library drew a goodly crowd to Native Sons Hall Glen Ellen last night. A very pleasant time terminating in good eats provided by the Glen Ellen Women's Improvement Club was enjoyed by all present.

Over \$4500 is now in the London fund through the efforts of the club, and it is expected that the building of the Library will begin shortly.

The Small family were guests of Mr. Small's sister, Mrs. Jim Cowen of Bennett Valley on Christmas day and were most hospitably entertained.

Geo. Barron, curator of the Carmel Mission museum has been in Sonoma visiting at the old Vallejo home. He was formerly curator of Golden Gate Park museum and is a most interesting gentleman.

PRESTWOOD CAR HAS ACCIDENT

As J. F. Prestwood and family were about to return home from the Hippodrome Theatre at Napa one night last week, one of the magnets of their Ford car caught on the magnet coil causing it to fly to pieces. It tore its way through the transmission cover and crank case and thru the footboards of the machine. A piece of the cover landed in Mrs. Prestwood's lap and the Professor who had just cranked the car and was on the outside looking in expected to see his fliver blow right up. The trouble however was quickly located and the car taken in tow by a Napa garage where it has been under treatment.

Mr. Prestwood and family had to hire a taxi to get home after their exciting and unpleasant experience.

John Duhring graduated from U. C. this semester.

MURRAY NAILED A SPEEDER BUT THAT DON'T NAIL UP HIS FENCE

Not only did Cecil J. Sanchez of Alameda wreck his car and receive serious cuts on the face from flying glass, but he now faces a charge of driving an automobile while intoxicated as a result of smashing into the fence on the "Sonoma road" at the Murray corner.

Sanchez and a companion, Mrs. Johnson of San Francisco, were riding along the road at a high rate of speed Sunday morning at 3:30 o'clock according to Constable Jack Murray, when they failed to make the turn and then knocked down at whole row of the fencing.

Flying glass from the broken windshield cut Sanchez and his companion so badly that Dr. Thomson of Sonoma was engaged for three hours in patching them up and stitching together the cuts both received on the face.

Murray, who was aroused from sleep by the crash of the collision, will face Sanchez when he comes to trial in the justice court at Sonoma and tell in what condition he found Sanchez and what he did to the Murray fence.—Press Democrat.

GRANTED HER DIVORCE

An interlocutory decree of divorce has been granted Mrs. Isabelle Harvey from Dr. Chas. Harvey. The grounds were desertion. Mrs. Harvey was formerly Miss Trudgen of this place. Dr. Harvey is a practicing dentist at Martinez.

Property rights were settled out of the court.

Two dances, one here, and one at Glen Ellen marked the passing of 1920 in Sonoma Valley last night.
